1989 CAMWS NEWSLETTER-

Special report to the membership: Professor David Bright, President of CAMWS resigned June 2, 1989 because he accepted the Deanship at Iowa State University and felt that the time demands of the new position would not allow him adequate time to properly carry out his duties for the Association. Professor Michael Gargarin of the University of Texas at Austin, First Vice President, has assumed the office and duties of President of CAMWS. We wish David well in his new position and welcome Michael. The call for papers for the 1990 meeting of CAMWS is included in this mailing.

The Committee on the Promotion of Latin made its award for outstanding Vice President to Tamara Bauer of Colorado. Stan Iverson reported that the year was very successful with the video "Once It Killed The Romans..." and our various brochures blanketing the United States and Canada. He noted that projects were funded by CPOL in sixteen states and provinces, substantially more than his goal of one-third (11).

This has been another good year for the Association. Our membership is up about 4% to 2812 as of June 30, 1989. Our finances are strong and we are able to support our various scholarship and grant programs with increasing generosity. The membership has responded generously to the request for help in printing and mailing the Association's history completed by Herb Benario; one hundred ten persons have contributed \$2630. as of June 30. A list of all those who have contributed will be included in a special fall issue of this *Newsletter*.

Membership renewals are beginning to come in; your promptness in this matter is greatly appreciated and saves second and third mailings. One small matter which will benefit our financial picture is the prompt notification to this office of changes in your address. The US Postal Service is very erratic in its return of materials sent to you. We loose many copies of *CA* and have already lost several copies of the *History* because USPS sends us only the address correction. Your cooperation in this matter will be greatly appreciated.
