The Association is prospering. There is a comfortable sum in the operating fund and our investments are doing quite well. Remain strong in your commitment to the Association and prompt in renewing your membership.

This is my last Newsletter. These past nine year of serving the Association have been stimulating and are filled with rich memories of friendships, programs inaugurated by the Association, growth in effectiveness of the organization and maintaining our regional membership. There is now a history of the Association and we are moving into the third generation of computerized operation with the transfer of the office to John Hall. Thank you, one and all, for the privilege of serving you during the decade of the '80's, a very active period in the life of our Association. John will take us into the '90's with his leadership skills and gifts. I am looking forward to seeing all of you at meetings in years to come.
