

## Classical Association of the Middle West and South International Latin Translation Exam (2025 – 2026)

# *Results*

***Summas gratias*** to all the volunteers who made this year’s competition possible. If you are interested in serving on the contest committee and/or grading papers next year, please contact Giulio Celotto (University of Virginia, VA) or Drew Lasater (Mountain Brook High School, AL).

The subcommittee members deserve the thanks of the CAMWS membership as a whole, and the thanks of the subcommittee co-chairs in particular, for their service: Sara Agnelli (University of Florida, FL), Andrew Burrow (Carson-Newman University, TN), E. Del Chrol (Marshall University, WV), Debra Freas (Virginia Tech, VA), Matthew Harrington (Tufts University, MA), Noah Harris (Oak Hall School, FL), Aleah Hernandez (University of California – Irvine, CA), Hilary Lehmann (Knox College, IL), and Rebecca Moorman (Boston University, MA).

**Contest Graders:** A very special thanks to the following volunteers who shared their time and expertise to assist the committee in grading papers this year: Jeff Allen (Greenhills School, MI), Joshua Benjamins (Hillsdale College, MI), Tom Cirillo (Montgomery Bell Academy, TN), Davina McClain (Northwestern State University, LA), Sarah McDaniels (Berkeley Preparatory School, FL), Peter Millett (University School, OH), Joy Reeber (University of Illinois – Urbana-Champaign, IL), Daniel Ristin (University High School, IL), Brad Savage (Flint Hill School, VA), Ryan Sellers (Memphis University School, TN), Nathan Sundt (Veritas Christian Academy, NC), and Jake Watson (Sidwell Friends School, DC).

### **Additional Information:**

- Awards are distributed according to the guidelines found on the CAMWS website.
- In order to make the contest as fair and objective as possible, distribution of papers was randomized and blind, no reader graded his/her own students, and all of the papers were evaluated according to AP-style translation segments.
- Names of winners are listed in descending order of performance.
