

## The Metamorphosis of CPL

### CPL Workshop

- 60 minutes
- Members of CPL each speak for 5-6 minutes
- Open discussion with all those present (30 min.)

How should the Committee for the Promotion of Latin respond to the ‘changes’ in the modern academic landscape at all levels, from K-12 to College/University? What are the major issues that confront programs in Latin, Ancient Greek, and Classical Studies, and how can the CPL support and enable the continuation, if not the growth, of such programs? What may be the best practices for success, and Is it time to transform CPL into the Committee for the Promotion of Latin and Greek (CPLG)? Based upon the answers and ideas briefly expressed by the members of CPL, an open discussion will follow with those present at the session.
