

# INTERNATIONAL FIELD SCHOOL ON SITE FORMATION, STRATIGRAPHY, AND GEOARCHAEOLOGY IN THE ATHENIAN AGORA

The Malcolm H. Wiener Laboratory for Archaeological Science in collaboration with the American School's Excavations at the Athenian Agora offers a full week-long Field School on Site Formation, Stratigraphy, and Geoarchaeology in the Athenian Agora. Dr. Panagiotis (Takis) Karkanis, director of the Wiener Laboratory, and Paul Goldberg, Professorial Research Fellow, University of Wollongong, will supervise the intensive field school. Registered students will be involved in interdisciplinary field research in the Athenian Agora primarily focused on archaeological context, geoarchaeology, and material sciences. Through field observations, laboratory analysis, and lectures, the students will receive instruction in the study and analysis of archaeological sediments and deposits, as well as gain experience in the recording of stratigraphy, and the understanding site formation processes.

**JUNE 2 –8, 2019** • Room & Board: 300 euros for the week • Travel costs to Greece and to the site not included
